❖ Business license:

- Tax code : 0107273056
- Business License iNo. 0107273056 granted by Hanoi Investment & planning Department issued on 25/01/2016.

❖ Background:

VINAINCON Engineering and Construction Joint Stock Company (Short name “VINAINCON E & C) with its precursor name is Consulting center for Design and Construction (C.C.D.C) under Vietnam Industrial Construction Corporation was established according to the Decision No. 03/1999/QĐ-BCN granted by Ministry of Industry issued on 19, January 1999. Since 14 November 2011, Consulting center for Design and Construction was changed into VINAINCON Branch – Engineering and Construction - Vietnam Industrial Construction Corporation according to the Decision No. 235/QĐ-VINAINCON-HĐQT dated 14 November 2011 of Vietnam Industrial Construction Corporation.

According to the Decision 41-1/NQ-HĐQT dated 12 November 2015 and Decision No. 146 /QĐ-VINAINCON-HĐQT on the 12th November 2015 of Board of Management of Vietnam Industrial Construction Corporation, since 29 December 2015, VINAINCON Branch – Engineering and Construction has been separated from Vietnam Industrial Construction Corporation and changed into VINAINCON Engineering and Construction Joint Stock Company (Short name “VINAINCON E & C). VINAINCON E&C inherits the whole existing business capacity, total assets, capital stated in the financial statement, labor and other rights and obligations of VINAINCON Branch – Engineering and Construction - Vietnam Industrial Construction Corporation.

With over 20 years of construction and development experience, together with strong leadership and a team of highly qualified, motivated and creative engineers, VINAINCON E & C has full capacity to execute projects medium and large scale construction consultancy, equipment supply, procurement, construction or installation in turnkey, EPC package and establishment of feasibility study and other fields. The projects we have implemented are highly appreciated by domestic and foreign customers

VINAINCON E&C has also established relationships and partnerships, industry experts in the whole country and abroad to ensure customer requirements for quality and progress. Moreover, VINAINCON E&C has been gradually integrating into foreign companies such as Japan, Korea, Malaysia, Singapore, China, UK, Australia, USA and so on. Through such activities, VINAINCON E&C has progressively developed construction markets, trained a team of experienced proficient engineers and professional experts in accordance with the advanced technology process.

We are looking forward to co-operating with Customers and willing to meet all requirements of consultancy, investment project, survey, design, project management, construction, civil and industrial construction.

QUYẾT ĐỊNH

Điều 1. Thay đổi nội dung đăng ký doanh nghiệp đối với Trung tâm Tư vấn Thiết kế và Xây dựng - Tổng công ty Xây dựng công nghiệp Việt Nam, Giấy chứng nhận đăng ký kinh doanh hoạt động số 0116000029 với những nội dung sau:

1. Đổi tên Trung tâm Tư vấn Thiết kế và Xây dựng thuộc Tổng công ty Xây dựng công nghiệp Việt Nam thành:
 - Tên đầy đủ bằng tiếng việt: **Chi nhánh Tư vấn Thiết kế và Xây dựng - Tổng công ty cổ phần Xây dựng công nghiệp Việt Nam.**
 - Tên giao dịch quốc tế: **VINAINCON BRANCH – ENGINEERING, DESIGN AND CONTRUCTION.**
 - Tên viết tắt: **VINAINCON E&C**
2. Ngành nghề kinh doanh
 - 2.1 Rút toàn bộ ngành nghề đang có tại Giấy chứng nhận đăng ký hoạt động số: 0116000029.
 - 2.2 Bổ sung ngành nghề kinh doanh cho Chi nhánh Tư vấn Thiết kế và Xây dựng, gồm các ngành nghề sau:

TT	Tên ngành	Mã ngành
1	Xây dựng nhà các loại	4100(chính)
2	Xây dựng công trình công ích	4220
3	Lắp đặt hệ thống điện	4321
4	Hoạt động xây dựng chuyên dụng khác	4390
5	Hoạt động tư vấn quản lý (Không bao gồm tư vấn pháp luật, tài chính, kế toán, kiểm toán, thuế và chứng khoán)	7020
6	Hoạt động chuyên môn, khoa học và công nghệ khác chưa được phân vào đâu	7490
7	Sửa chữa thiết bị điện	3314
8	Xây dựng công trình kỹ thuật dân dụng khác	4290
9	Phá dỡ	4311
10	Lắp đặt hệ thống xây dựng khác	4329
11	Chuẩn bị mặt bằng (Không bao gồm dò mìn và các loại tương tự tại mặt bằng xây dựng)	4312
12	Hoạt động kiến trúc và tư vấn kỹ thuật có liên quan (chỉ hoạt động trong phạm vi chứng chỉ hành nghề đã đăng ký)	7110
13	Nghiên cứu và phát triển thực nghiệm khoa học tự nhiên và kỹ thuật	7210
14	Cho thuê máy móc, thiết bị và đồ dùng hữu hình khác (trừ máy bay và kính khí cầu)	7730
15	Lắp đặt máy móc và thiết bị công nghiệp	3320
16	Buôn bán vật liệu, thiết bị lắp đặt khác trong xây dựng	4663
17	Gia công cơ khí; xử lý và tráng phủ kim loại	2592
18	Thoát nước và xử lý nước thải	3700
19	Xây dựng công trình đường sắt và đường bộ	4210
20	Lắp đặt hệ thống cấp, thoát nước, lò sưởi và điều hòa không khí	4322
21	Hoàn thiện công trình xây dựng	4330
	Lập dự án đầu tư xây dựng công trình; Quản lý dự án đầu tư xây dựng công trình; Thiết kế quy hoạch xây dựng; Thiết kế kết cấu công trình dân dụng và công nghiệp; Thiết kế kiến trúc công trình; thiết kế nội, ngoại thất; Thiết kế cấp, thoát nước - môi trường nước; Tư vấn lập dự án đầu tư, thiết kế, đấu thầu các công trình nhà máy thủy điện có quy mô công suất lắp đặt đến 100MW; Tư vấn lập dự án đầu tư, thiết kế, đấu thầu các công trình đường dây và trạm biến áp có quy mô cấp điện đến 500KV; Tư vấn giám sát thi công các công trình nhà máy thủy điện có quy mô công suất lắp đặt đến 100MW; Tư vấn giám sát thi công các công trình đường dây và trạm biến áp có quy mô cấp điện đến 500KV; Thiết kế điện công trình dân dụng và công nghiệp; Thiết kế hệ thống điều khiển tự động công trình đường dây và trạm biến áp đến 220KV và công trình dân dụng, công	

nghiệp;
 Thiết kế phòng cháy, chữa cháy công trình xây dựng;
 Thiết kế các công trình cầu, đường bộ;
 Thiết kế công trình đường sắt;
 Khảo sát địa chất công trình;
 Khảo sát địa hình, thiết kế công trình giao thông và các hạng mục phụ trợ trên đường từ cấp IV trở xuống;
 Giám sát xây dựng và hoàn thiện công trình dân dụng và công nghiệp;
 Giám sát xây dựng và hoàn thiện công trình giao thông (cầu, đường bộ);
 Giám sát xây dựng và hoàn thiện các công trình điện;
 Kiểm định chất lượng công trình xây dựng;
 Chứng nhận đủ điều kiện đảm bảo an toàn chịu lực công trình xây dựng và chứng nhận sự phù hợp về chất lượng công trình xây dựng;
 Hoạt động đấu thầu (bao gồm nhưng không giới hạn cả các công tác tư vấn trong đấu thầu và quản lý dự án đầu tư xây dựng công trình);
 Thẩm tra, thẩm định thiết kế, dự án đầu tư, dự toán và tổng dự toán đầu tư xây dựng, tư vấn quyết toán vốn đầu tư xây dựng;
 Đánh giá tác động môi trường và các biện pháp xử lý khói, bụi, tiếng ồn.

Điều 2. Các ông: Thành viên Hội đồng quản trị, Tổng giám đốc Tổng công ty và Giám đốc Trung tâm Tư vấn Thiết kế và Xây dựng căn cứ Quyết định thi hành./.

C.	POWER PROJECTS				
C.1	500KV & 220 KV TRANSMISSION LINE & SUBSTATION				
1	500KV switch yard of Song Hau 1 thermal power plant	Purchasing some major equipment	2017	Branch for management, procurement and construction of VINAINCON (VINAINCON MPC)	Hau Giang

No	Name of projects	Scope of work	Contract Duration	Name of Contract partner	Construction location
2	220 Kv switch yard of Thai Nguyen thermal power plant (2x300MW)	Supplying construction consultant services	2016	Vietnam Industrial Construction Corp.,	Thai Binh
3	Expansion of Dinh Vu 220 KV substation	Establishing, establish FS, design, establish tender documents of construction & equipment and other services	2016	PMU of north power National – Branch of National power transmission corporation	Hai Phong
4	500KV switch yard of Vung Ang thermal power plant - Package : Supplying secondary conductor and telecommunications equipment	Supplying secondary conductor and telecommunications equipment	2012 - 2013	Vietnam Industrial Construction Corporation.	Ha Tinh
5	500KV switch yard of Vung Ang thermal power plant - Package : Supplying primary conductor and accessories	Supplying primary conductor and accessories	2012	Vietnam Industrial Construction Corporation.	Ha Tinh
6	500KV switch yard of Mong Duong 1 thermal power plant	Construction drawing design	2012	SIEMEN Co.,Ltd	Quang Ninh
7	500KV switch yard of Vung Ang thermal power plant	Construction drawing design and estimation.	2012	Vung Ang - Quang Trach Petroleum Project Management Board, Petro Vietnam Corp.	Ha Tinh
8	Renovation of 220KV Pha Lai – Hai Phong transmission line`	Survey, establishing investment project, construction drawing design and general estimation, bid document	2011	Tham Viet investment company	Hai Duong – Hai Phong
9	Displacement of 220KV Pha Lai – Dong Hoa passing through An Duong industrial park	Survey, establishment of architectural option, construction drawing design and invitation document	2010	Tham Viet investment company	Hai Duong
10	Renovation of power measurement system of 220/ 110 KV substation – Pha Lai thermal power plant	Survey, establishment of technical option and design – general estimation & construction drawing design	2007 - 2008	Pha Lai thermal power joint stock Co.,	Hai Duong
11	Design and installation of technology relay protection set for busbar system & cutter of 220kV substation – Pha Lai thermal power Joint stock company	Survey, establishment of technical option and design – Construction drawing design	2007	Industrial equipment and material joint stock Co.,	Hai Duong
12	OPY substation 220 KV - Pha Lai thermal power plant	survey, design works, estimation	2007	Industrial equipment and material joint stock company	Quang Ninh
13	Renovation of power transmission lines upto 220kV for project: highway	Survey, establishment of technical design, general estimation	2005-2007	Son La power Co.,	Son La

No	Name of projects	Scope of work	Contract Duration	Name of Contract partner	Construction location
	No.6 of Son La – Tuan Giao				
14	Displace power system up to 220 KV of highway 6 of Thuan Chau Dist - Son la Prov.	Survey, design work & construction	2005 - 2006	Electricity of Son La	Son La
15	Design and installation of 07 circuit breakers SF 6 - 220 KV and disconnector of 220 KV substation - Pha Lai thermal power Joint stock company	Survey, establishment of technical design	2005	Ha Noi commercial and technique joint stock Co.,	Hai Duong
16	Transfer 220 KV transmission line of Ho Chi Minh road construction project.	Survey, establish options and design	2003-2004	MB of PMU 5 - Ministry of communications	Thanh Hoa - Hoa Binh
17	Bac Ninh 220KV transmission line	Design & prepare Bid invitation document	2003	Viet A commercial Co.,LTD	Ha noi
C.2	110 KV Transmission line & Substation				
1.	Southern Petrochemical Complex (Long Son)	Construction drawing design	7/2020-8/202	Branch for management, procurement and construction of VINAINCON - Vietnam Industrial Construction Corporation	Ba Ria – Vung Tau
2.	Supplementary installation of T2 110kV Phu Nghia substation	Construction drawing design and total cost estimates	2018	PMU of Ha Noi electrical CO	Ha Noi
3.	Transfer T connector into forward on the 110kV Phase 2-Zone 1	Survey, technical design, construction drawing design and total cost estimates	2016	Vietnam Industrial Construction Corporation	5 Northern provinces
4.	Supplementary installation of 110kV Phu Nghia substation	Establishment of invitation document of equipment	2016	PMU of Ha Noi electrical CO	Ha Noi
5.	110 KV Phu Nghia and 110 Kv line branching	construction drawing design and total cost estimates and bidding documents	2015	PMU of Ha Noi electrical CO	Ha Noi
6.	Installation T2 110kV Tam Diep substation	Survey, establishment of investment project , construction drawing design and total cost estimates	2015	Ninh Binh Electricity Ltd., Co	Ninh Binh
7.	Relocation, improving road sections DZ 110kV Phu Dong	Surveying relocation plan Survey	2015	High voltage grid Northern Vietnam Company	Phu Tho
8.	Tang Loong – Khe Lech 110KV transmission line	Survey, establishment of investment project and other services	04/2012	No. 1 Power construction Joint stock company	Lao Cai
9.	Replacement of super -heat conducting wire of route 2 of	Construction drawing design, establish	2012	PMU of Ha Noi electrical CO	Ha Noi

No	Name of projects	Scope of work	Contract Duration	Name of Contract partner	Construction location
	110kV Van Dien – Tia cleft branch				
10.	110kV Lang Son T 1 substation	Survey, construction drawing design and establishment of invitation document of equipment procurement	2011	Northern high voltage network Company	Lang Son
11.	Transmission line & substation 110KV of Van Ban chemical plant – Lao Cai Prov.	Survey, establishment of investment project, construction drawing design work	2010 – 2011	PMU of Ha Noi electrical CO	Lao Cai
12.	Renovation of 110KV transmission line 171, 172 route Mai Dong – Bo Ho	Survey, establishment of architectural option, construction drawing design and estimation	2010	PMU of Ha Noi electrical CO.,	Ha Noi
13.	Renovation of 110 KV Dong Hoa – Long Boi transmission line – intersection of No. 10 high way	Assessment, construction drawing design & estimation	2010 – 2011	PMU of Hai Phong electrical CO.,	Hai Phong
14.	Renovation of 22 KV route of 110KV Cua Cam substation	- Establishment of Environmental impact assessment EIA)	2010 – 2011	PMU of Hai Phong electrical CO.,	Hai Phong
15.	110 KV substation & transmission line of Ninh Phuc industrial park (Integral control substation)	- Establishment of equipment & installation invitation document	2010	MTV electricity Co., of Ninh Binh Prov.	Ninh Binh
16.	110KV Le Thien Substation	Establishment of Environmental impact assessment (EIA) & resettlement plan (RP)	2010	PMU of Hai Phong electrical CO.,	Hai Phong
17.	Installation of T2 110KV Substation Mong Cai – Quang Ninh	Survey, establishing investment project design work and establishment of invitation document	2009	Southern high voltage electric enterprise	Ha Noi
18.	110KV & Substation of Xi Mang urban area	Survey, establishing investment project	2009	PMU of Hai Phong electrical CO.,	Hai Phong
19.	110 KV Hung Hoa and transmission line and substation	Survey and establishing estimation , design work	2008	PMU of Hai Phong electrical CO.,	Nghe An
20.	110KV Cat Hai Substation and branch	Assessment of investment project, construction drawing design and estimation	2009	PMU of Hai Phong electrical CO.,	Hai Phong
21.	110KV Linh Dam Substation and branch (Integral control substation)	Consultant work, survey, design work , estimation, establishment of invitation document	2008	PMU of Ha Noi electrical CO.,	Ha Noi
22.	Renovation of 110KV Dong Hoa - Long Boi Transmission line	Assessment of general estimation	2008	PMU of Hai Phong electrical CO.,	Hai Phong

No	Name of projects	Scope of work	Contract Duration	Name of Contract partner	Construction location
23.	110KV Bac Giang – Quang Chau transmission line	Survey and establishing estimation , design work	2008	PMU of Bac Giang electrical CO.,	Bac Giang
24.	110KV Le Thien substation	Survey and establishing estimation , design work	2008	PMU of Hai Phong electrical CO.,	Hai Phong
25.	Upgrading 110KV transmission line from 110KV substation of Ninh Phuc Industrial zone to E 234 into double circuit supplying to Dong Huong industrial zone	Survey and establishing investment project	2008	MTV electricity Co., of Ninh Binh Prov.	Ninh Binh
26.	110KV substation of X 18 Cement plant	Survey, establishing investment project, design work and estimation	2008	MTV electricity Co., of Ninh Binh Prov	Ninh Binh
27.	110KV substation of Thai Nguyen iron steel Plant	Survey, establishing investment project, design work and estimation	2008	Thai Nguyen iron steel Plant	Thai Nguyen
28.	110 KV Khoai Chau - Hung Yen transmission line & substation 110KV	Survey, design and estimation	2007 - 2008	Electricity development PMU – No. 1 Electricity company	Hung Yen
29.	Transmission line & Substation of Gian Khau Industrial zone	Survey and establishing investment project, establishing estimation	2007	MTV electricity Co., of Ninh Binh Prov.	Ninh Binh
30.	Tien lang 110 KV transmission line	Survey and establishing investment project	2007	PMU of Hai Phong electrical CO.,	Hai Phong
31.	110KV transmission line supplying power for Viet Y Steel Company	Survey and establishing estimation , design work	2007	PMU of Hai Phong electrical CO.,	Hai Phong
32.	Expansion of Vinh Bao 110 KV substation	Survey and establishing estimation , design work	2006	PMU of Hai Phong electrical CO.,	Hai Phong
33.	110kv x2x63 MVA Substation – Italy Steel plant	Establishment of Bid invitation document, design work	2007	PMU of Hai Phong electrical CO.,	Hai Phong
34.	110KV transmission line and substation of Trang Due industrial zone	Preliminary survey and establishment of investment project ; Bid invitation document	2006	PMU of Hai Phong electrical CO.,	Hai Phong
35.	Renovation and improvement of Nho Quan - Ninh Binh 110KV transmission line	Establishment of investment project; survey and design work	2006	Electricity of Ninh Binh	Ninh Binh
36.	Ha noi urban infrastructure Development project – CP 4	Design work & Supervision	2003 - 2005	MU of main projects of Ha noi urban	Ha Noi

No	Name of projects	Scope of work	Contract Duration	Name of Contract partner	Construction location
	Van Tri Works Power supply & main substation	Consultant		development	
37.	Bac Na substation & Transmission line	Survey, establish FS	2004	VINAINCON	Lao Cai
38.	Underground cable line 110KV of southern Chuong Duong intersection	Survey, establishment of technical option, construction drawing design and estimation	2003	MU No.5 – Ministry of transportation	Ha Noi
39.	110KV transmission line and substation and 110/22 KV of Cai Dam	Survey, establishing investment project	2008	PMU of electrical development – No, electrical Co.,	Hai Phong
40.	Machine assembly T2, Mong Cai 110KV substation	Survey, establishing investment project and Construction drawings	2005	Electricity of Quang Ninh	Quang Ninh
C.3	35 KV transmission line & substation				
1.	Electrical supply system for CIENCO 5 urban area	Assessment of design work	2010	507 construction company – CIENCO No.5	Ha Noi
2.	Renovation of 22KV route and 110KV Ha Ly substation	Survey, establish FS, Construction drawing design, establish invitation document	2002-2009	Hai Phong electricity Co.,Ltd	Hai Phong
3.	Renovation of 22KV route and 110KV Cua Cam substation	Survey, establish FS, Construction drawing design, establish invitation document	2002-2009	Hai Phong electricity Co.,Ltd	Hai Phong
4.	Construction of 320KVA – 22 – 0.22KV substation of YASUFUKU VIET NAM Co.,LTD	Design work, supplying material, equipment and construction	2008	Yasufuku Viet Nam Co.,Ltd	Ha Noi
5.	Transformer substation and 35kV transmission line – Viet Nhat steel joint stock Co.,	Establish FS, Construction drawing design, establish invitation document	2003	Hai Phong electricity Co.,Ltd	Hai Phong
6.	An Trang 35 Kv Substation & Transmission line.	Survey, establish FS, design, estimation Prepare Bid invitation document for installation package and equipment supply package	2004	Electricity of Hai Phong	Hai Phong
D.	Establishment of investment project (Feasibility study)				
1.	Nickel Ban Phuc mines project	Establishment, assessment of basic and technical design for tailing dam – phase 2	2015	Ban Phuc NICKEL mines Co. LTd	Son La
2.	Landslided talus treatment from Km22 +440 to Km2 + 840 of line routes to La Hien limestone mine	Survey, establishment of technical and estimation report	2014	Quang Son cement Co., Ltd.,	Thai Nguyen

No	Name of projects	Scope of work	Contract Duration	Name of Contract partner	Construction location
3.	Ban Phuc NICKEL mines project – Tailling dam facilities	Assessment of basic and technical designing, construction supervision	09/2012	Ban Phuc NICKEL mines Co. LTd	Son La
4.	Technical infrastructure system Ba Thien II - Phase I - 40 ha	Construction designing, establishment of invitation document and evaluation of bidding documents	2011	VINA –CPK Co., Ltd	Vinh Phuc
5.	Phuc Hung – Luong Dien - Cam Dien IZ - Hai Duong Prov.,	Technical infrastructure designing work	2008	Phuc Hung JSC.,	Hai Duong

III.4. ESTABLISHMENT OF INVESTEMENT PROJECT, FEASIBILITY STUDY REPORT, TECHNICAL ECONOMIC REPORT

No	Name of projects	Scope of work	Contract Duration	Name of Contract partner	Construction location
I.	INDUSTRIAL AND CIVIL WORK				
1.	Investment in mud stratification and Turbidity measuring system project ; Package No. 1: Consultancy and feasibility study report	Consultancy and feasibility study report	2018	Lam Dong aluminium Co., Ltd	Hanoi
2.	Project of centrifugal concrete factory	Establishment of feasibility study report	2016-2017	Thu Duc Centrifugal Concrete JSC.	HCMC
3.	Displacement and new construction of small tractor factory	Establishment of basic design and feasibility study report	2016	NARIME	Bac Ninh
4.	Construction and renovation of garment enterprise – X 20 JSC., (Phase 2)	Establishment of technical economic report	2015	X 20 JSC.,	Thai Nguyen
5.	University of AIC international technology	Establishment of investment project	2012	AIC international Tien Bo joint stock Company	Bac Ninh
6.	Dormitory House and head office of PMU of Lai Chau hydroelectric power plant project	Establishment of investment project and Construction drawing design	2009	PMU of Lai Chau hydroelectric power plant	Lai Chau
7.	Aluminium project with a capacity of 1.000.000 tan/ year Considering capacity upgrade to 2,000,000 T / N in the Kon Ha Nung highlands	Establishment of investment project	2008	NARIME	Lam Dong
8.	Song Cong packing production factory	Establishment of investment project	2008	Song Cong packing JSC.,	Thai Nguyen
9.	Nhan Co alumin manufacturing & Bauxit ore refining plant with capacity of 300.000 tan / year	Establishment of investment project	2006	NARIME	Lam Dong
10.	Ha Bac chemical mechanic company	Establishment of feasibility study report	2004	Ha Bac chemical mechanic company	Ha Bac
11.	Commercial Area at 95 Lang Ha	Establishment of feasibility study report	2004	Vietnam Medical Cooperation	Hanoi
12.	Yen Hoa high tenement	Establishment of feasibility study (FS)	2004	Office of Ministry of industry	Hanoi
13.	Viet Hung primary school – Auxiliary works	Establishment of investment project	2004	People's committee of Long Bien	Ha Noi
14.	Administrative building of Kien An power Co.,	Survey and establishment of investment project	2004	Hai Phong Power Co.,	Hai Phong
II	POWER PROJECTS				

No	Name of projects	Scope of work	Contract Duration	Name of Contract partner	Construction location
1.	New construction of 110 Kv substation Thach That and cleft branch	Establishment of feasibility study (FS)	2018	PMU of Ha Noi Electric Co.,	Ha Noi
2.	Installation of voltage transformer and upgrading of transmission line of 110 KV of 220/110/35kv substation - Hoa Binh Hydropower Plant	Survey, establishment of technical economic report	2017	- Hoa Binh Hydropower Co.,	Hoa Binh
3.	Supplementary installation of Phu Nghia 110 KV	Establishment of feasibility study (FS)	2016	Hanoi Power Development Project Management Board	Hanoi
4.	Installation of Transformaer T2 of 110kV Switchyard Tam Diep	Establishment of investment project	2015	Ninh Binh Electricity One member Ltd., Co	Ninh Binh
5.	Renovation and upgrading of 10KV transmission line of Cho Chieu 971,972, TG35/10kv route upto 22kv	Survey, establishment of Establishment of feasibility study (FS)	2014	Ninh Binh Electricity One member Ltd., Co	Ninh Binh
6.	Renovation of 220KV Pha Lai – Hai Phong transmission line`	Survey, establishing investment project, construction drawing design and general estimation, bid document	2011	Tham Viet investment company	Hai Duong – Hai Phong
7.	Kim Dong – Khoai Chau 110 KV transmission line from 220 KV substation (Tower positions No. 51 of 110 KV Pho Noi – Kim Dong)	Survey and investment project establishment	2010 – 2011	PMU of Ha Noi electrical CO	Hung Yen
8.	Renovation of 110 KV transmission line and cleft of Van Dien - Tia	Survey and investment project establishment	2010	PMU of Ha Noi electrical CO	Ha Noi
9.	Renovation of 110KV transmission line 171, 172 route Mai Dong – Bo Ho	establishing investment project	2010	PMU of Ha Noi electrical CO.,	Ha Noi
10.	110 KV substation & transmission line of Ninh Phuc industrial park (integral control station)	establishing investment project	2010	MTV electricity Co., of Ninh Binh Prov.	Ninh Binh
11.	Installation of T2 110KV Substation Mong Cal – Quang Ninh	Establishing investment project document	2009	Southern high voltage electric enterprise	Ha Noi
12.	110KV & Substation of Xi Mang urban area	Survey, establishing investment project	2009	PMU of Hai Phong electrical CO.,	Hai Phong
13.	Upgrading 110KV transmission	Survey and	2008	MTV electricity Co., of	Ninh Binh

No	Name of projects	Scope of work	Contract Duration	Name of Contract partner	Construction location
	line from 110KV substation of Ninh Phuc Industrial zone to E 234 into double circuit supplying to Dong Huong industrial zone	establishing investment project		Ninh Binh Prov.	
14.	110KV substation of X 18 Cement plant	Survey, establishing investment project, design work and estimation	2008	MTV electricity Co., of Ninh Binh Prov	Ninh Binh
15.	110KV transmission line and substation and 110/22 KV of Cai Dam	Survey, establishing investment project	2008	PMU of electrical development – No, electrical Co.,	Hai Phong
16.	Upgrading 110KV transmission line from 110KV substation of Ninh Phuc Industrial zone to E 234 into double circuit supplying to Dong Huong industrial zone	Establishing investment project	2008	MTV electricity Co., of Ninh Binh Prov.	Ninh Binh
17.	Tien lang 110 KV transmission line	Survey and establishing investment project	2007	PMU of Hai Phong electrical CO.,	Hai Phong
18.	Transmission line & Substation of Gian Khau Industrial zone	Survey and establishing investment project,	2007	MTV electricity Co., of Ninh Binh Prov.	Ninh Binh
19.	Expansion of Vinh Bao 110KV Substation	Establishment of technical economic report	2006	PMU of Hai Phong electrical CO.,	Hai Phong
20.	110KVx2x63 MVA substation for Viet Y Steel Company	Establishing investment project	2006	PMU of Hai Phong electrical CO.,	Hai Phong
21.	110KV transmission line and substation of Trang Due industrial zone	Establishment of investment & construction drawing design and general estimation	2006	PMU of Hai Phong electrical CO.,	Hai Phong
22.	Renovation and improvement of Nho Quan - Ninh Binh 110KV transmission line	Establishment of investment	2006	Electricity of Ninh Binh	Ninh Binh
23.	VINAKANSAl cement plant item: Construction of 110 KV transmission line	Establishment of technical economic report	2006	Electricity of Ninh Binh	Ninh Binh
24.	Huong Duong cement plant item: Construction of 110 KV transmission line	Establishment of technical economic report	2006	Electricity of Ninh Binh	Ninh Binh
25.	Installation of T2 110KV Substation Mong Cai – Quang Ninh	Establishment of investment	2005	Southern high voltage electric enterprise	Ha Noi

No	Name of projects	Scope of work	Contract Duration	Name of Contract partner	Construction location
26.	Bac Na substation & Transmission line	Establish FS	2004	VINAINCON	Lao Cai
27.	110KV transmission line and substation and 110/22 KV of Cai Dam	Establishing investment project	2008	PMU of electrical development – No, electrical Co.,	Hai Phong
28.	Renovation of 22KV route and 110KV Ha Ly substation	Establish FS	2002-2009	Hai Phong electricity Co.,Ltd	Hai Phong
29.	Renovation of 22 KV route of 110KV Cua Cam substation	Establish FS	2002-2009	PMU of Hai Phong electrical CO.,	Hai Phong
30.	Transformer substation and 35kv transmission line – Viet Nhat steel joint stock Co.,	Establish FS	2003	Hai Phong electricity Co.,Ltd	Hai Phong
31.	An Trang 35 Kv Substation & Transmission line.	Establish FS	2004	Electricity of Hai Phong	Hai Phong

III.5. CONSULTANT SERVICES OF SUPERVISION & PROJECT MANAGEMENT CONSULTING

No	Name of projects	Scope of work	Contract Duration	Name of Contract partner	Construction location
1.	Dormitory House - LG Display Hai Phong Project	Project management consultant and construction supervision	11/2017 - now	NTD Industry and Civil Construction Investment Consultancy JSC.	Hai Phong
2.	LG Display Hai Phong Project Phase 2 – RC Work	Project management consultant	8/2017 - now	NTD Industry and Civil Construction Investment Consultancy JSC.	Hai Phong
3.	Main Factory H2 - LG Display Hai Phong Project	Project management consultant and construction supervision	8/2017 - now	VINAINCON Mechanical and Construction JSC.	Hai Phong
4.	Spica Elastic Factory	Construction supervision	6/2017 – 10/2017	Spica Elastic Vietnam Co. Ltd	Bac Ninh
5.	Ban Phuc NICKEL mines project – Phase 2	Construction supervision	2015-2016	Ban Phuc NICKEL mines Co. LTd	Son La
6.	Wonderful Power Wire and Cable Vietnam – Phase 2	Construction supervision	2014-2015	Wonderful Vietnam Co. Ltd	Hai Duong
7.	Alumin Nhân Cơ Production Plant Project, Package 23	Construction supervision	2013-now	Narime - VINAINCON	Lam Dong
8.	Ban Phuc NICKEL mines project – Tailing dam facilities	Construction supervision	2012-2015	Ban Phuc NICKEL mines Co. LTd	Son La

PART VI

QUALITY MANAGEMENT SYSTEM

PART VI – QUALITY MANAGEMENT SYSTEM

VI.1. QUALITY POLICY

Together with VINAINCON, VINAINCON E&C has organized the evaluation of quality management system according to the ISO9001:2015 Standard and OHSAS 18001:2007 and official certificated by ICB at July 2017 with the Quality Policy as follows:

“Constantly improve and enhance the capability of organization and management of projects in order to meet higher and higher the Client’s quality requirements for services to be supplied by VINAINCON ENGINEERING & CONSTRUCTION JSC during the integration period of international and local economy”

VI.2 DESIGN PROCESS:

1. Objectives:

Aim to control the whole design process to meet the planned time schedule and quality; to point out the responsibility of designer and inspector.

2. Scope of application:

Applied to VINAINCON E&C throughout design process,

3. Processes:

Design process of VINAINCON E&C is presented in the following cycle:

No	Responsibility	Stage	Doc/ Form
1	General General Director	Marketing and Business administration	<i>Bid plan Making decision Contract</i>
2	General General Director	Assign project manager and design managers	<i>Approve positions</i>
3	Project manager design manager	Study contract and related documents	<i>ITB and related files</i>
4	Project manager and design manager	Make engineering plan	<i>Making plan+schedule</i>
5	General General Director	Approve	<i>Review, feedback, sign</i>
6	All division, discipline department	Implement design and engineering works	<i>Task assignment form Drawing, calculation Working report form</i>
7	Manager of division	Checked by division	<i>Review form</i>
8	PM	Reviewed by PM	<i>Review form</i>
9	Cost estimate	Estimating cost	<i>Review form</i>
10	Cost manager	Checked by division	<i>Review form</i>
11	PM	Reviewed by PM	<i>Review form</i>
12	Technical manager	Technical manager	<i>Review form</i>
13	General General Director	General Director approves	<i>Review form</i>
14	Admin department	Copy, stamp	
15	Gov Authorities	Appraise	<i>Appraisal document</i>
16	PM	Handover design doc	<i>Transmittal form</i>
17	PM	Revision, addendum (if required)	<i>Revision report</i>
18	PM	Supervision, inspection (if required)	<i>Program report</i>
19	Assigned staff	Store, save documents	<i>Decision-42-02</i>

VI.3. DESCRIPTION OF STEPS:**Step 1: Receiving**

The General General Director of VINAINCON E&C shall take on design work by bid planning/ or decision on assignment and/ or contract signed with customer by General Director of VINAINCON E&C ,

Step 2: Appointing Project Manager and Subject presiders,

The General Director of VINAINCON E&C shall select the person in charge of Project manager and subject presider accordingly, approve and inform his decision for assigned persons and others related to the project,

Step 3: Studying the Contract and relevant documentation,

Project Manager shall take on responsibility to in touch with Customers for receiving and listing the documentation related to the project for controlling them, This list shall be controlled and updated constantly by Project Manager during the performance process,

Project manager and subject presiders shall study these documentation to ensure that input datum of design work and estimation is adequate, detailed and unopposed each other :

- Requires on function and effect of project
- Requires on institution, law applied to the project,
- Reference information from design work of previous project,
- Major requirements for design and estimation processes,

Step 4: Planning the design schedule and estimation,

To ensure the quality and keep time schedule of design and estimation, Project manager shall coordinate with subject presiders to make the detailed schedule (according to form BM-73-01-01) to control the performance of divisions, This schedule shall be controlled, updated continuously by project manager during design process,

The content of design schedule and estimation are containing as follows:

- Phases of project
- Inspection, approval, assessment suitable to each phase,
- Responsibility of implementation for each activity,
- Communication manners between divisions during performance process,

In case of external resources (sub-contractor) needed to design and estimation process, Project Manager should present the measures for evaluating, selecting and controlling these sources in his schedule,

Step 5: Approval

The approval shall be taken by General Director of Branch for this planning to ensure the suitability between design and estimation schedule,

Step 6: Designing & estimating

Basing on the approved schedule, Chief of divisions shall assign the work to members by Assignment Note (form BM-73-01-02)

Assignee shall carry out the works and periodically report to Subject Presider for checking, summarizing and inform to Chief of division, Assignee have to ensure the design document as follows:

- To meet the planned requirements, to abide by steering opinions of subject presider, project manager etc.
- To supply the information needed to make estimation and execution, e,x: name of consumable material etc.
- To point out the applicable standards for performing design & estimation work: to abide by basical construction statute, codes, current regulations, statutory documents, regulation of VINAINCON E&C.
- To define the basic characteristics for safety work and commission of project,
- Results of design shall be checked by subject presider and submitted to Chief of division.

Step 7: Inspection in divisional level

Following the planned program, chief of division shall inspect the designed results for:

- Inspecting the utilization of documents, input data, calculation measures, update, results of calculation (quality inspection of designed results).
- Finding out the shortcomings and suggest the necessary corrective measures.

Results of this process shall be taken down into records (Inspection minutes BM-73-01-04).

After inspected and approved at technical division, architectural drawings shall be used for designing structure and electric, water.

Step 8: Projectional inspection

Project manager shall inspect the calculation results and designed drawings in accordance with the approved schedule, this inspection shall be done aiming:

- Correlativeness between partial works of designing project
- Output results of designer according to input datum,
- Other works performed in accordance with the schedule
- To make the basic for calculating quantity and estimation,

Inspection Results shall be written down in the records (according to BM-73-01-04)

Step 9: Estimating

Estimation & planning department shall be responsible for receiving preliminary designs after inspecting in 1st projectional level and then calculating and selecting quantity and material standards, equipment in accordance with design document,

Estimation should present Suppliers and ensure that such suppliers has been evaluated and selected basing on planned objectives (QD-74-01)

Step 10: Divisional Inspection,

As planned schedule, Chief of department shall be responsible for inspecting estimation results aiming to:

- Evaluate the conformity of calculated results,
- Ensure that the document of supplier evaluation is adequately and clearly,
- To identify all obstacles or suggestion of necessary action,

Results shall be formed the records (BM-73-01-04)

Step 11: 2nd projectional inspection

Project manager shall inspect estimation results as approved schedule, This inspection shall be carried out to ensure:

- The identification of contradictions between Client's demands and designed products,
- Other works should be carried out according to planned schedule,
- The unification, conformity of economic & technical solutions,

Results shall be recorded into documentation (BM-73-01-04)

Step 13: Central approval

The whole design document and estimation after checked and approved by technical manager shall be submitted to General Director for reviewing and approving aiming to:

- Meeting the mission assigned by The Corporation.
- Ensure that periods such as performance, inspection, approval has been carried out and having adequately documents.

Results shall be written down in to document (BM-73-01-04)

Step 14: Photocopy, bookbinding, sign and seal,

The approved design documents attached with list of work shall be transmitted to Administrative department for photocopying, bookbinding and sealing,

Designer, Chief of department, Project manager, technical manager, General Director of VINAINCON E&C shall be responsible for signing in such documents before submitting to legal assessment entity,

Step 15: Assessment

Assessment shall be carried out by entity with sufficiently legal status to ensure that the project is capable to meet the requirement on use in the future or knowledgeable applications

Assessment results shall be received and kept as archives.

Step 16: Hand-over

Design document shall be handed over to relevant division after having the result of assessment by using Distribution Note (QD-42-01-02).

Step 17: Revision, supplementation.

Project manager shall be responsible for receiving any request on revision work from General Director of VINAINCON E&C / Corporation/ Customers, reviewing the relationship between items to be revised by form BM73-01-05, suggesting program and schedule for performing, having confirmation of issuer, The communication shall be made by fax, email etc.

Results of revised work shall be written down in Revisional & Additional Report (BM-73-01-06), This report shall be sent to design department, estimation for studying and adjusting the work accordingly.

Step 18: Authorial supervision (if any),

As soon as the authorial supervision is required in Contract, project manager shall establish a program for supervising the authorial right. Assigned engineers shall be responsible for performing and reporting periodically the real condition of work.

Final acceptance Minutes shall be signed between VINAINCON E&C / The Corporation/ Customers.

Step 19: Documenting

Project Manager shall establish project recapitulative report in which described clearly the requirements, obtained results, applied improvement actions and general observations of project quality.

The whole project records shall be kept as archives as performance steps, This record shall be managed as assigned in QD-42-42.
